

EYEPROMISE® PROVIDES NUTRACEUTICALS, TECHNOLOGY AND SUPPORT TO ENHANCE AND PROTECT VISION.

With expertise in eye health and nutrition science, EyePromise delivers unmatched products and services. Our extensive line of ocular nutraceuticals benefits 6 out of 10 patients in your practice and includes products for macular health, dry eye, diabetes, visual performance, and screen time.

RESTORE

A clinically-proven macular health formula based on cutting-edge research to proactively reduce AMD risk. Restore is designed to preserve and support vision for those concerned with, at-risk for, or in the early stages of AMD.+

AREDS 2 PLUS ZINC-FREE

A zinc-free nutraceutical for eye health formulated with ingredients outlined in the AREDS 2 study plus additional science-supported protective nutrients demonstrated to support eye health in those with intermediate to advanced AMD.+

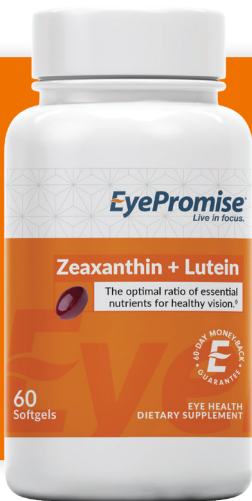

EZ TEARS™

A daily nutraceutical for dry eye and irritation with proven scientific results in OSDI, TBUT, conjunctival and corneal staining, lid inflammation and tear meniscus height improvements.+

DVS

A multi-component nutraceutical designed to improve visual function and retinal health for patients with diabetes without affecting normal blood glucose levels. Clinical research demonstrated improvements in color vision, contrast sensitivity, peripheral vision, and macular visual field.+

ZEAXANTHIN + LUTEIN

Vegetarian formula offering the optimal combination of foundational nutrients essential in protecting and enhancing vision.+

ZEAXANTHIN

Vegetarian formula providing the starting point to naturally improving vision.+

VIZUAL EDGE™ CHEWABLE

A once-daily chewable tablet to improve visual performance and function, including vision clarity, visual processing speed, glare recovery and light sensitivity.+

SCREEN SHIELD™ TEEN

A once-daily chewable tablet designed by a group of doctors with all-natural zeaxanthin and other nutrients to naturally defend children's eyes (ages 4-17) from the effects of screen time.+

SCREEN SHIELD PRO

A daily nutraceutical designed to protect the eyes of adults who spend hours staring at digital screens and relieve the associated symptoms of digital eye strain.+
